Capgemini named a Leader for Finance and Accounting Digital Augmentation Suite by Everest Group

Automation-driven digital capabilities are recognized in Everest Group's inaugural PEAK Matrix™

Paris, October 4, 2018 – Capgemini today announced that it has been named a "Leader" in Everest Group's PEAK Matrix™ for Finance and Accounting Digital Augmentation Suite (F&A DAS). Capgemini was acknowledged for delivering "widespread automation-driven capabilities across the entire value chain with particular penetration in the manufacturing sector."

Everest Group evaluated 19 Finance and Accounting Outsourcing service providers for the report where they were assessed based on their vision and capability along with market impact. According to the report, Capgemini has successfully *"used RPA for process–agnostic solutions such as data ingestion, data extraction and process-specific automation. Capgemini was also recognized for enhancing front end/user interface layer using chatbots and self-service features, leveraging Odigo."*

Anis Chenchah, CEO Business Services Global Business Line, and member of the Group Executive Committee at Capgemini said: *"We are delighted to be positioned as a Leader in Everest Group's inaugural report on Finance and Accounting Digital Augmentation Suite. This recognition is a testament to Capgemini's longstanding expertise in finance and accounting services, embedded with automation- led solutions, and powered by a digital approach to solve our clients' complex business challenges worldwide."*

Rajesh Ranjan, Partner, Everest Group said: *"Enterprises increasingly seek FAO providers that can integrate multiple digital components and capabilities to drive higher efficiency, enable superior experience, and impact business outcomes. Capgemini, with its investments in automation capabilities, including RPA, intelligent OCR, and proprietary tools such as Odigo, is helping clients meet some of these objectives, making it a Leader in the F&A DAS PEAK MatrixTM 2018."*

Capgemini has been at the forefront of developing advanced client solutions using intelligent automation, cognitive and AI technologies. Capgemini's F&A service, Finance Powered by Intelligent Automation, demonstrates the digitally augmented services assessed by Everest. With automation rapidly changing the market landscape, it has become essential for IT service providers to deliver RPA-based delivery solutions, to help organizations in a wide range of areas such as data entry and validation, file and data manipulation, automated formatting and workflow acceleration.
