

The Microsoft 365 Copilot logo is prominently displayed in the upper left quadrant. The words "MICROSOFT 365" are stacked above "COPILOT" in a large, bold, light blue sans-serif font. A thin blue line curves around the text from the bottom left to the top right.

Start your journey towards a human-centric, AI-powered workplace with Capgemini

CAPGEMINI HELPS YOU UNLEASH NEW WAYS OF WORKING WITH MICROSOFT 365 COPILOT

Generative AI is poised to transform the way we work. Our vision for the Future of Work is one where AI empowers organizations to unlock new levels of productivity, adaptability, and innovation, creating a workplace where human and machine intelligence synergize to achieve unprecedented success.

At Capgemini, we view Microsoft 365 Copilot not just as a tool for enablement, but as an agent of business transformation.

WHY USE MICROSOFT 365 COPILOT?

IMPROVED PRODUCTIVITY

Copilot is integrated into the apps you use every day, actioning tasks you assign to it and securely delivering results with accuracy, speed, and relevance.

DEEPER DIGITAL TRANSFORMATION

Copilot is a great example of how tech can help your staff deliver their best work. It optimizes employees valuable time by handling admin-heavy workloads and making room for productivity, upskilling and creativity.

ENHANCED EMPLOYEE EXPERIENCES

Staff are empowered to innovate, ideate, create, and collaborate better around business-critical tasks.

MAKE CAPGEMINI THE TRUSTED GUIDE ON COPILOT JOURNEY

- ▶ We have a strong partnership with Microsoft spanning 20 years, making Capgemini a trusted partner for enterprise needs.
- ▶ Our deep expertise and unique industry insights into secure and robust implementations of off-the-shelf and custom generative AI solutions set Capgemini apart.
- ▶ By taking a people-centric approach to technology deployments, Capgemini enables your businesses to shape a thriving digital culture.
- ▶ With our agile end-to-end approach to embracing Microsoft 365 Copilot, we are with you every step of the way, from assessment through to adoption.
- ▶ We bring integration and custom generative AI capabilities to extend the value of Microsoft 365 Copilot for your enterprise.
- ▶ Proven track record of Digital Workplace and Generative-AI transformation.

OUR AGILE APPROACH TO END-TO-END DEPLOYMENT

We see Microsoft 365 Copilot as more than a tool, it's a business transformer. Our approach combines people, processes, data and technology to unlock its value

ASSESS

- Assess business and technical readiness.
- Promote Microsoft 365 Copilot's value and capabilities.
- Identify key personas, high-value use cases and business impact.
- Create Microsoft 365 Copilot deployment roadmap.

PREPARE

- Develop use cases and pinpoint pilot/target users.
- Align with local rules and policies.
- Plan adoption strategies, change plans, and KPIs.
- Establish Copilot's CoPrepare Microsoft 365 tenant.

- Implement security and compliance measures.
- Apply data protection strategies.
- Integrate with essential systems.

PILOT

- Launch pilot for selected employees.
- Start initial adoption campaign.
- Collect feedback.
- Validate value via KPIs.
- Adjust approach for wider deployment.
- Contribute to rollout decision.
- Prepare rollout plan

ADOPT

- Enable Microsoft 365 Copilot for broad community according to rollout plan.
- Initiate comprehensive Digital Adoption & Change campaign to enable proficient use of Microsoft 365 Copilot and maximize benefits.

EXTEND

- Recognize potential and enhance M365 Copilot with more integrations.
- Develop custom Gen-AI solutions for Copilot.
- Assist in AI-led business transformation.
- Introduce Experience Management Office (XMO) to measure and report benefits.

About Capgemini
