

WELCOME

TO THE event ON:
SECURING SOVEREIGNTY

I DON'T KNOW...
maybe we'll need
something more
than just that
BARRIER-TAPE...

SOVEREIGN CLOUD

(LOOKING at it FROM a distance...)

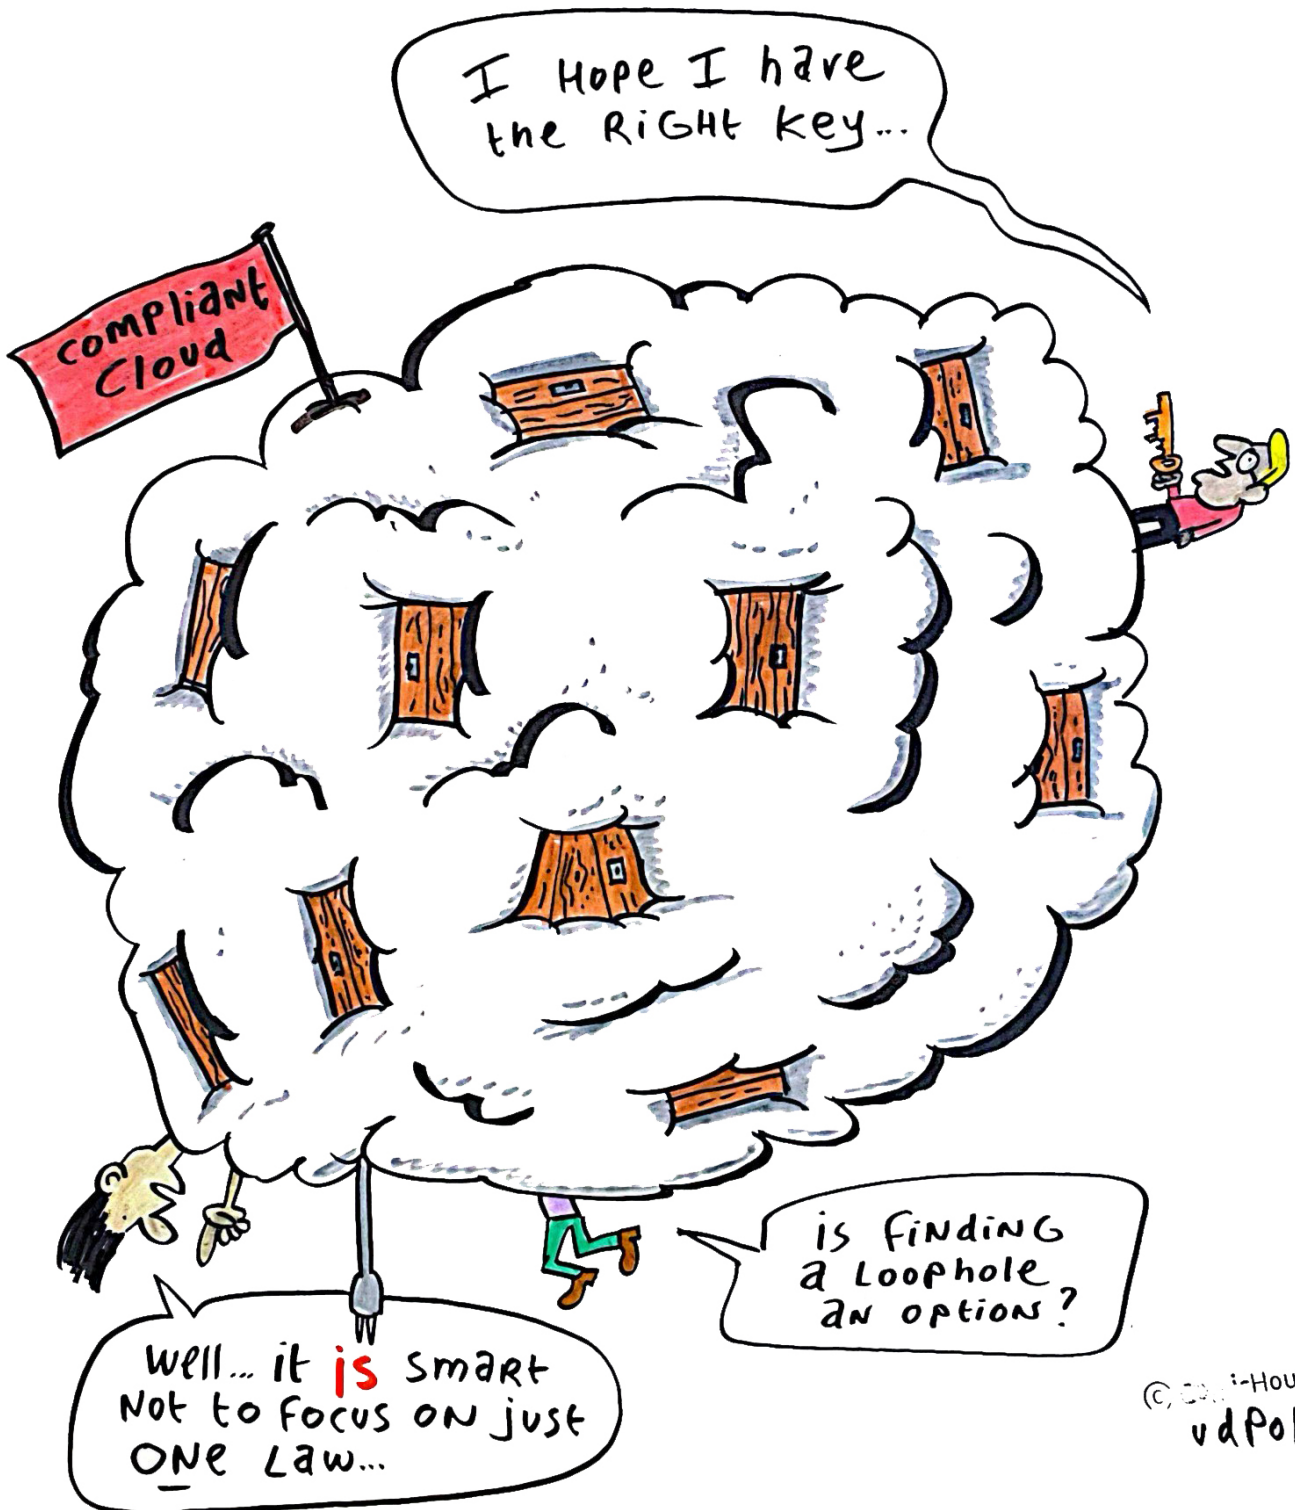

Nooo... we don't
want our clouds
to mingle...

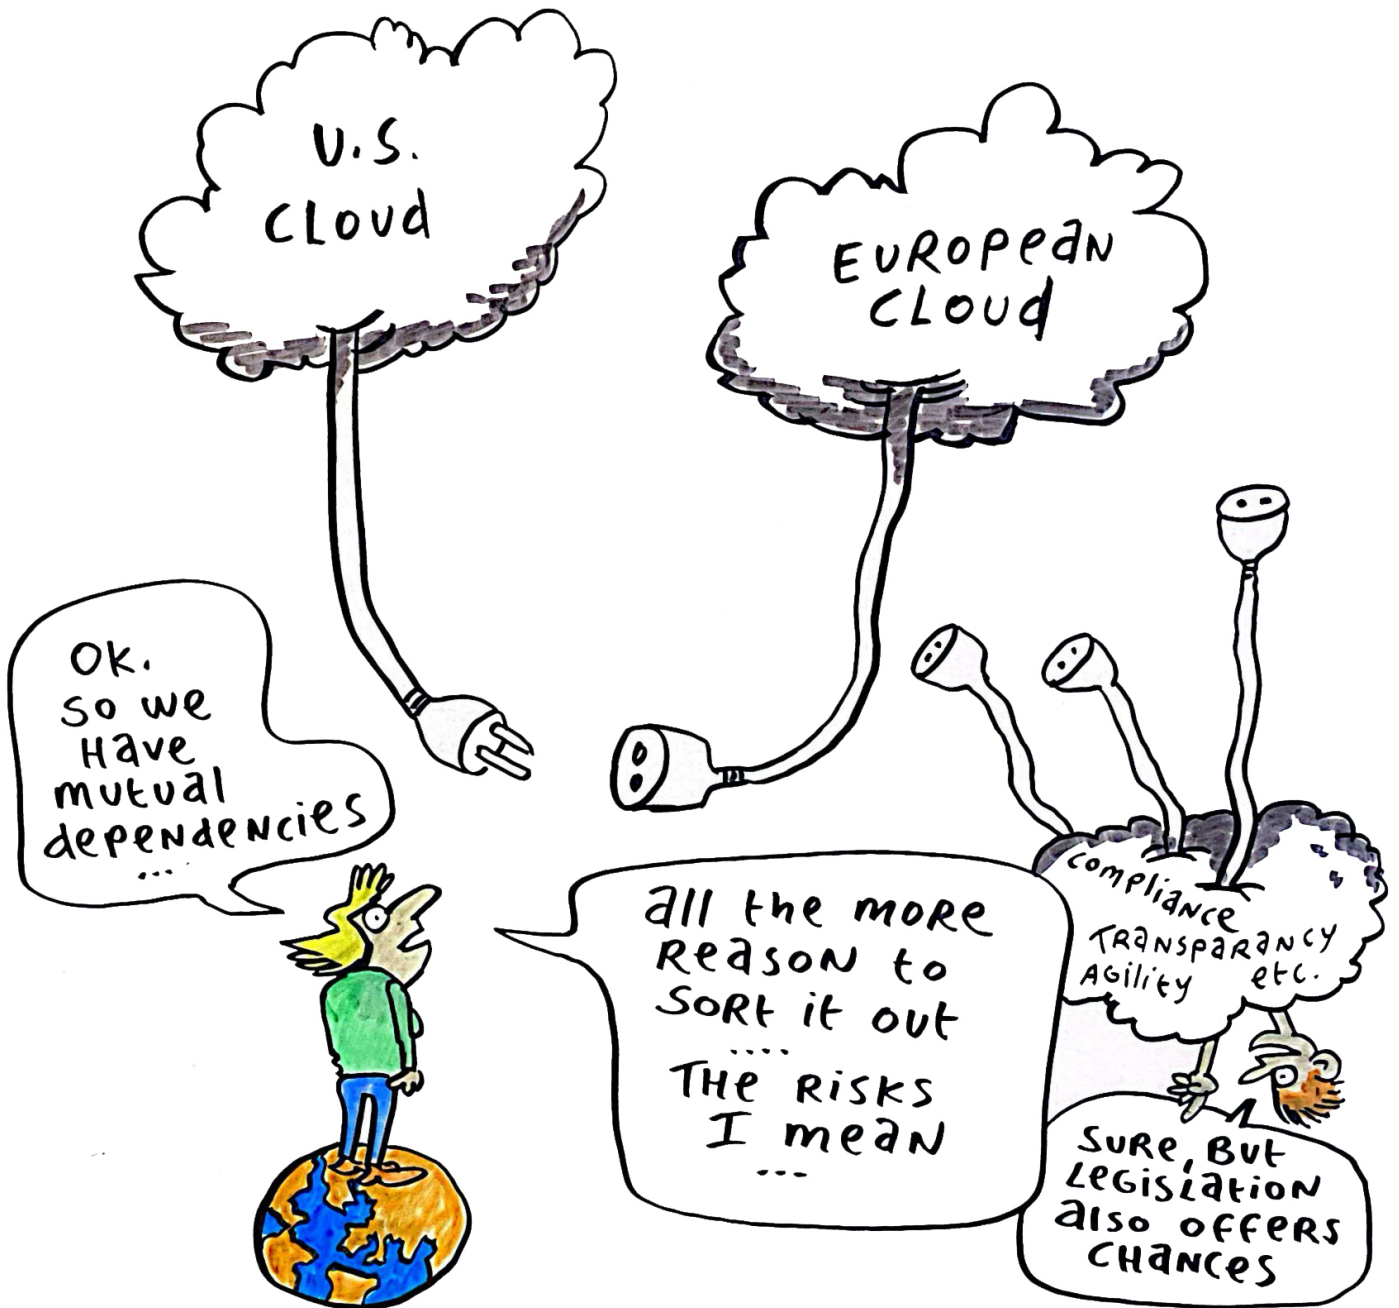

We need
SOVEREIGN
clouds...

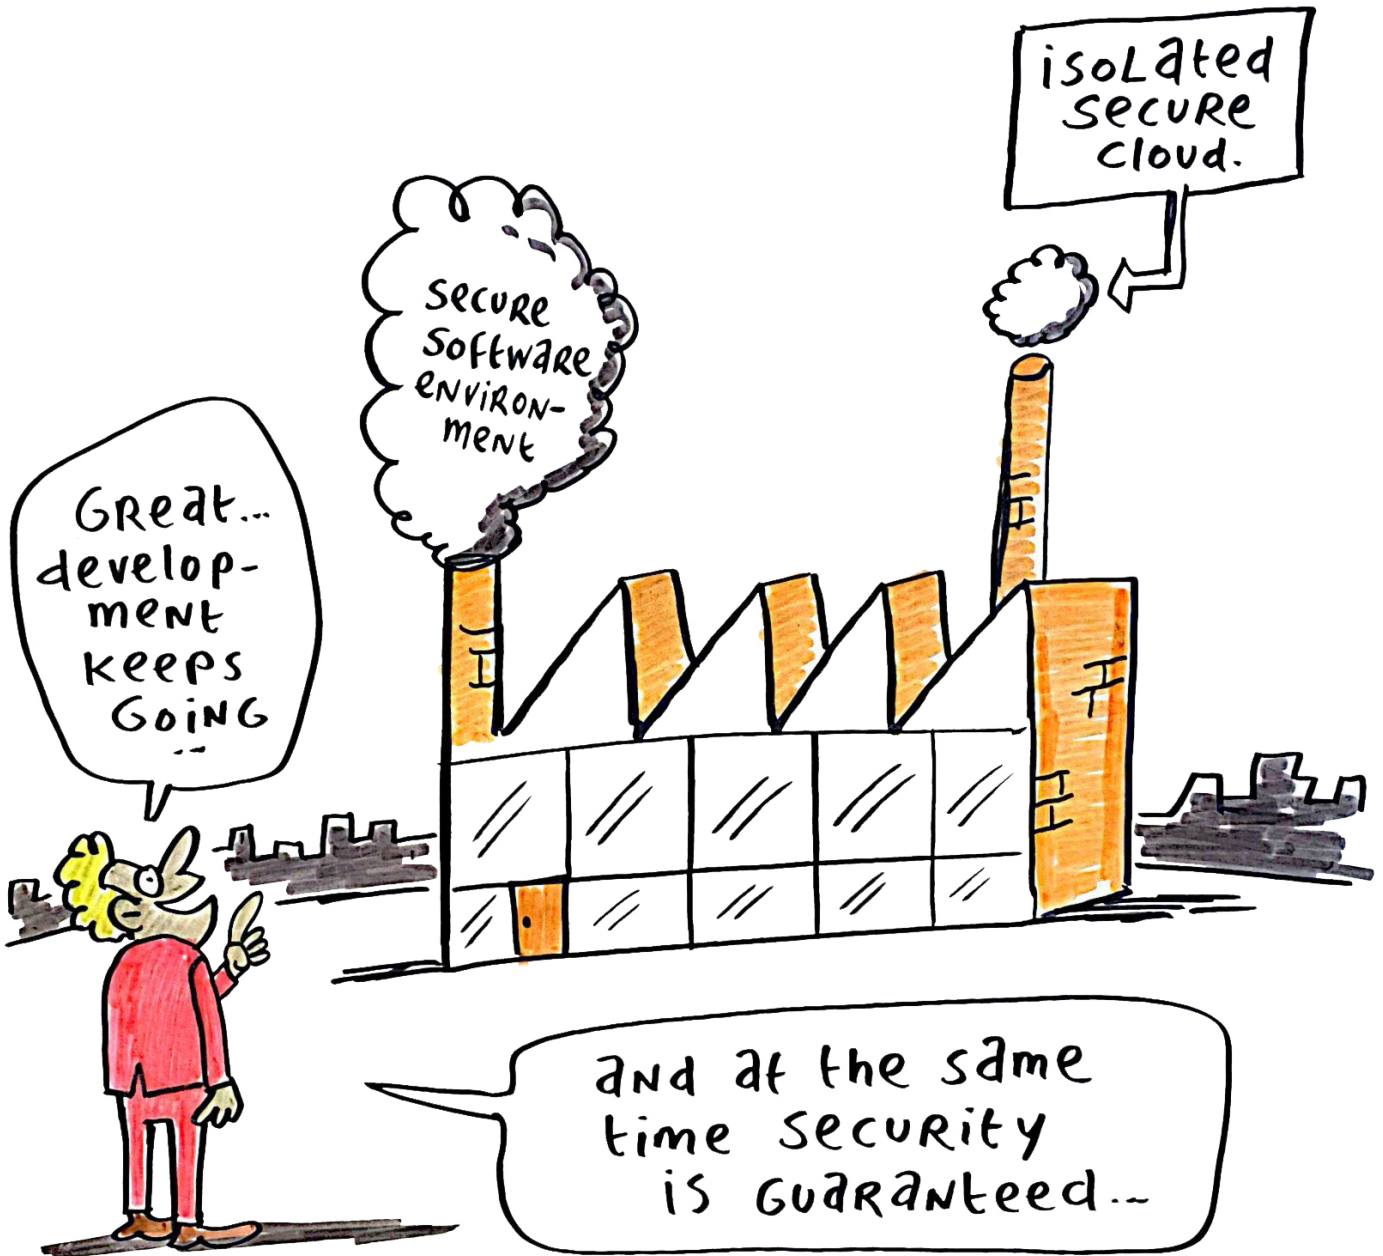

How to UNLOCK data after European
LEGISLATION?...
(Find out how to work with the cloud...)

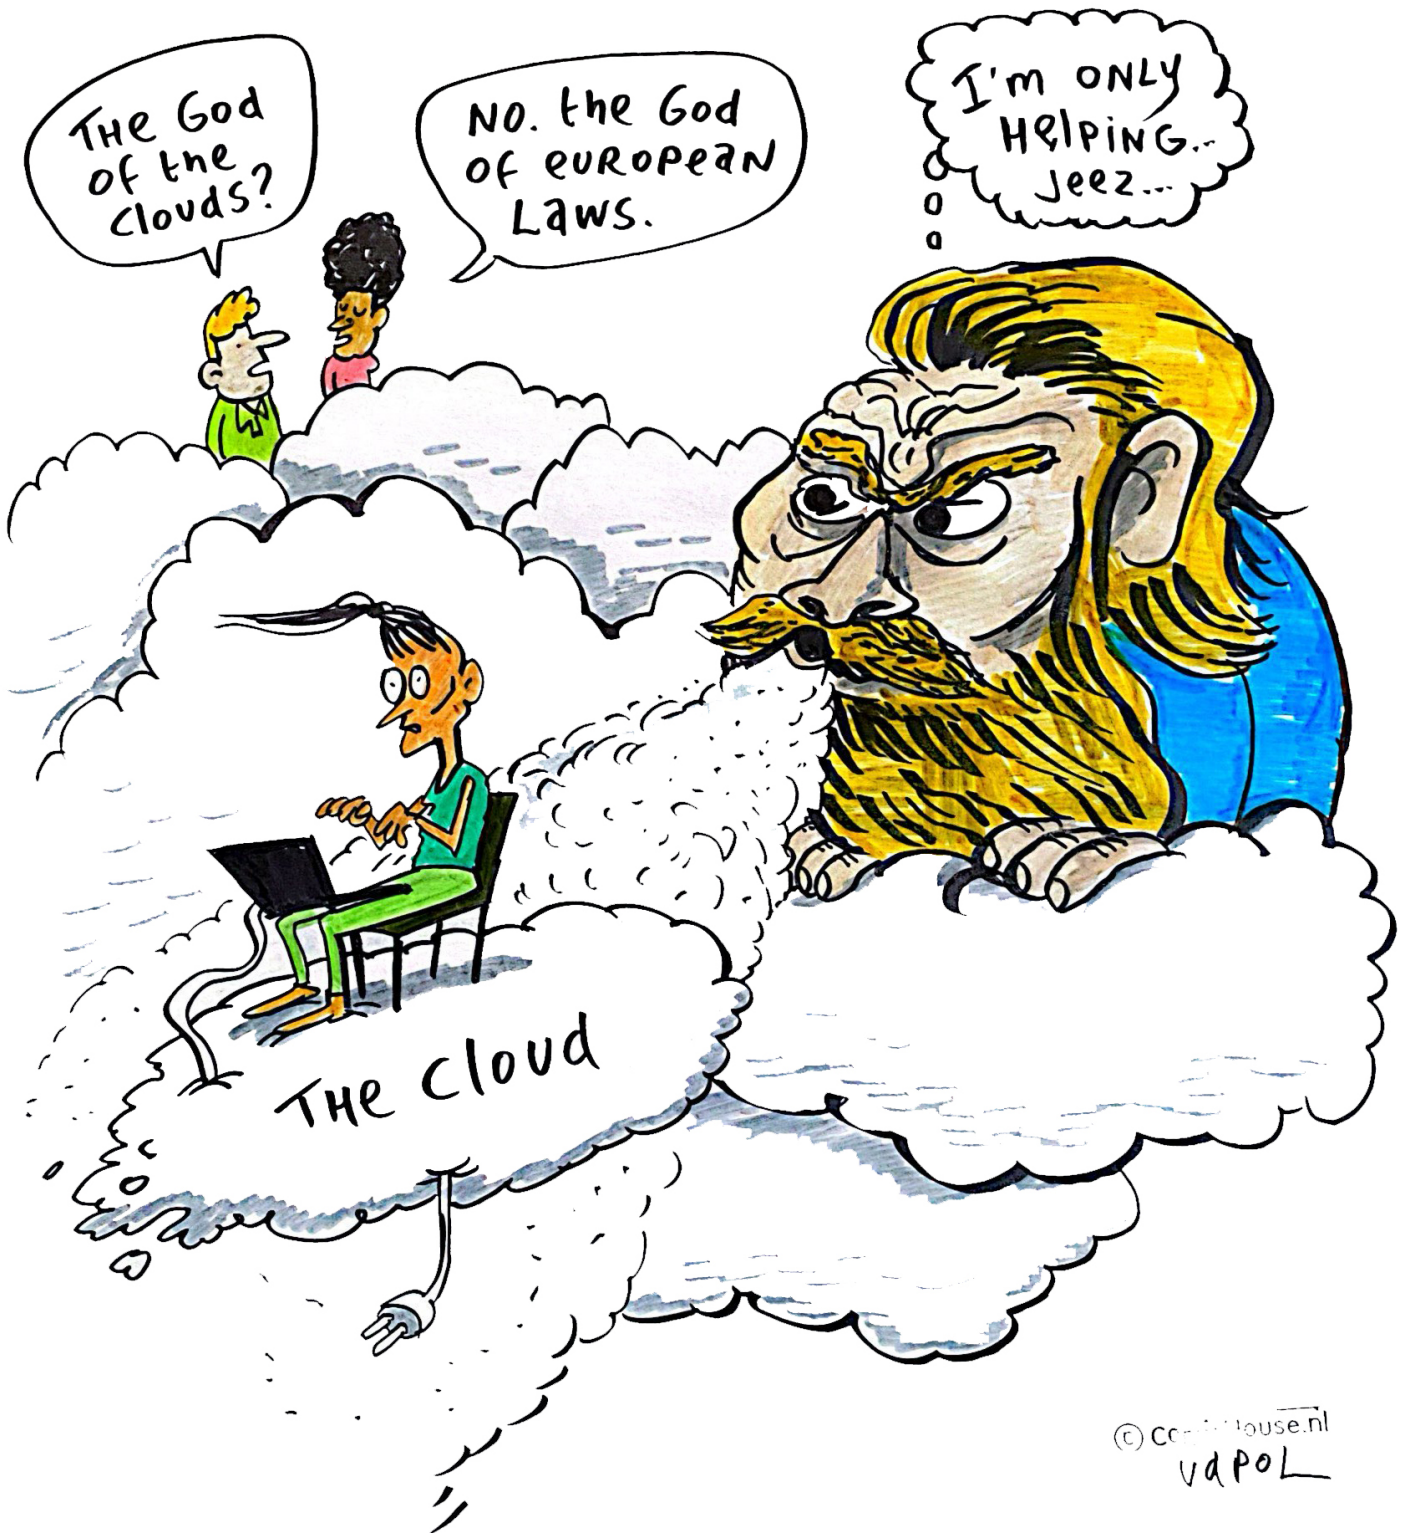

THE NEED FOR LEGISLATION

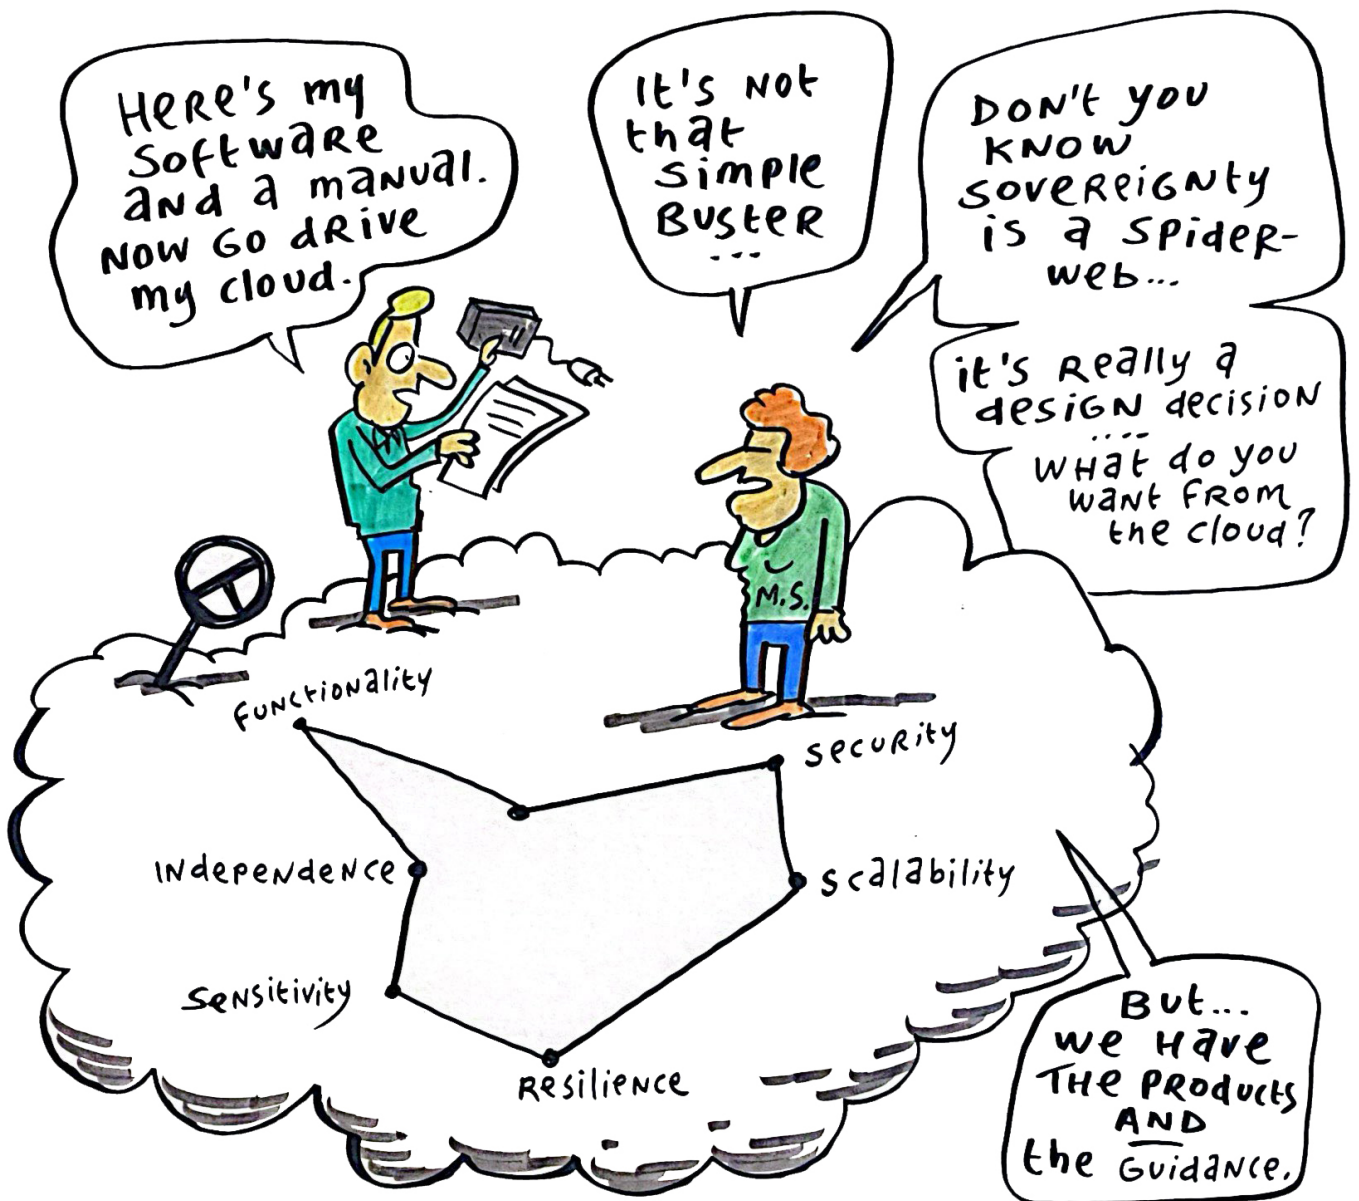

Secure cloud software factory

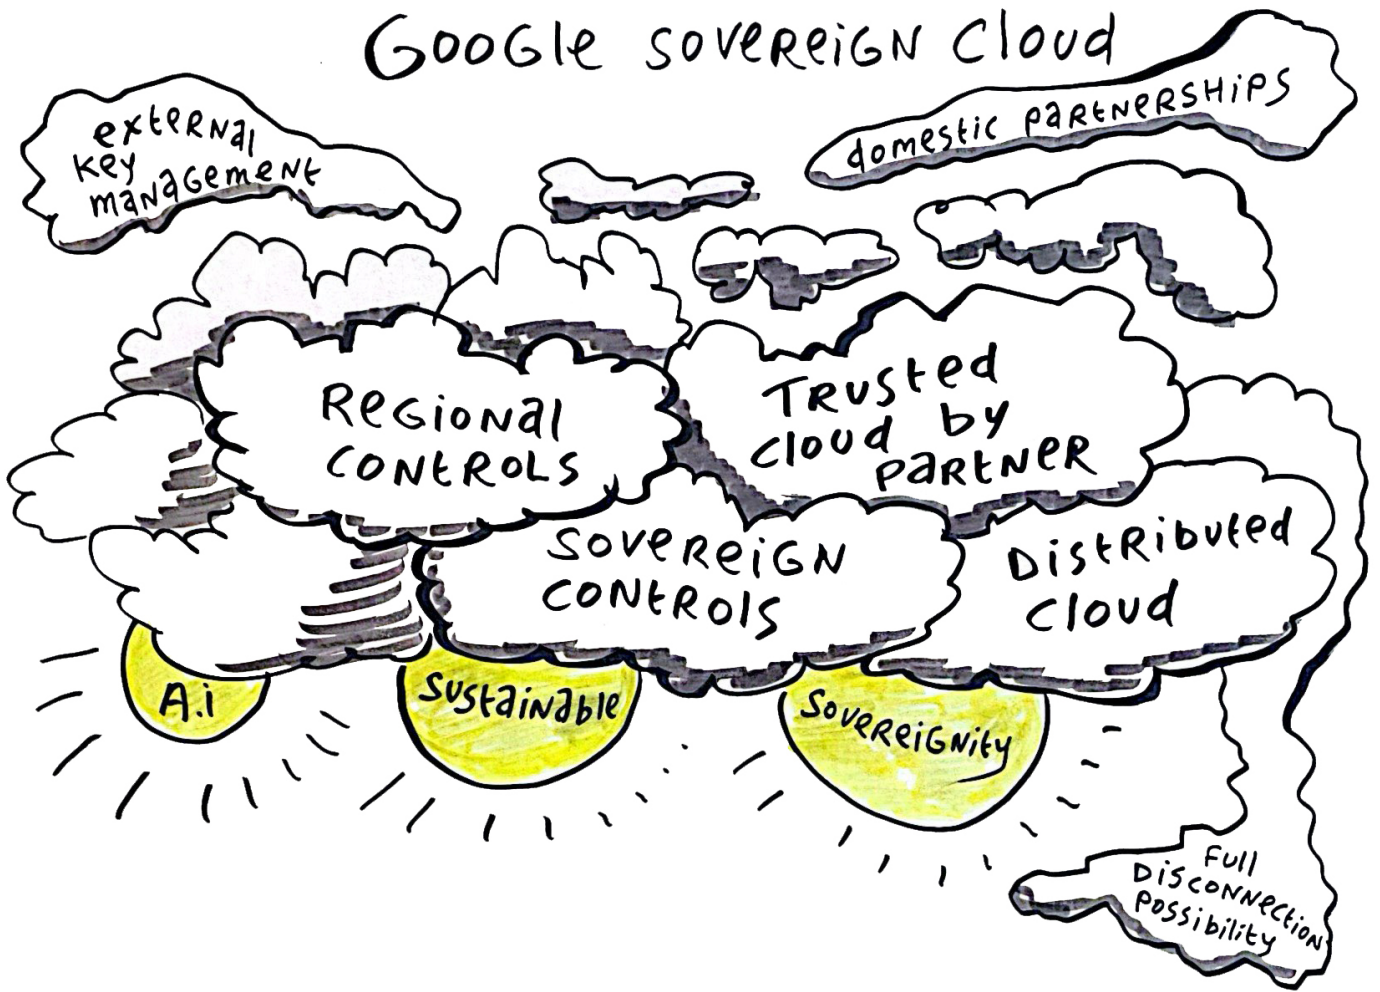

Beware of what's coming...

ENABLING SOVEREIGNTY WITH MICROSOFT CLOUD SERVICES

Google sovereign cloud

How do we limit the risks?

well...
THE SKY IS THE LIMIT.

AWS Security

(seperated server- and customer data
and encrypted keys)

TRUST is necessary
to adopt cloud services
